Press release

My Airport, Aéroports de Paris iPhone application

Aéroports de Paris presents **My Airport**, Aéroports de Paris iPhone application. Available at Apple Store, **My Airport** offers a new complimentary real time information service to Paris airports clients:

- Arriving and departing flight times for Paris-Charles de Gaulle and Paris-Orly airports,
- information about access and car parks,
- useful services (emergency numbers, location of Tourist information areas...),
- business services (lounges, work areas, business center or car rental),
- listing of all the airlines operating at Paris airports, with their reservation center,
- formalities area.

Thanks to the **geolocation**, the application offers an itinerary calculation to help users to get to the airport of their choice.

The ideal application to find out about last minute flight schedule changes, to find the closest car park to a terminal, an airline telephone number or to be guided towards a selected airport!

Owners of a mobile phone connected to the Internet will also be offered a new mobile service. **To get connected** : <http://mobile.aeroportsdeparis.fr>

Aéroports de Paris builds, develops and manages airports including Paris-Charles de Gaulle, Paris-Orly and Paris-Le Bourget. Aéroports de Paris is Europe's second-largest airport services group in terms of airport revenues and the European leader for cargo and mail. Aéroports de Paris accommodates nearly 460 airlines, including the main companies in the air transport industry. With an exceptional geographic location and a major trading area, the Group is pursuing its strategy of modernizing its terminal facilities and upgrading quality of services, and also intends to develop its retail and real estate business. In 2008, Aéroports de Paris Group had revenues of €2,527 million, and the company handled 87.1 million passengers.
