**FEE SCHEDULE FOR SERVICES RENDERED
AS SPECIFIED IN ARTICLES R 224-1 AND R 224-2
OF THE CIVIL AVIATION CODE FOR THE
PARIS-CHARLES DE GAULLE, PARIS-ORLY AND PARIS-LE BOURGET
AIRPORTS AND THE GENERAL AVIATION AIRFIELDS
LISTED IN ARTICLE D 251 OF THE SAME CODE**

In compliance with the Civil Aviation Code, the airport operator reports the airport fee schedule for the 2009 billing period as defined by the *2006-2010 Contrat de Régulation Economique* (CRE) concluded between the French government and Aéroports de Paris. The following fees are effective as of 1st April 2009, except the aircraft landing semi-annual subscriptions fees for the general aviation airfields effective as of 1st July 2009.

Note that any fees other than those cited below have not been changed.

- The **landing fee** covers the use of airport infrastructure and equipment necessary for landing, taking off and taxiing. Fees are based on the aircraft's certified Maximum Takeoff Weight (MTOW).

- Aircraft landing fees for the Paris-Orly and Paris-Charles de Gaulle airports:

Aircraft category (MTOW in tons)	Price per landing (€ excluding VAT)
MTOW of under 6 tons	165.54
MTOW of between 6 and 25 tons	165.54
MTOW of between 26 and 50 tons	165.54 + 5.86 (t-25) where t equals MTOW in tons
MTOW of 51 tons or more	312.04 + 5.86 (t-50) where t equals MTOW in tons

Special measures:

- A 5% discount is applied to cargo and postal flights.
- Landing fees are multiplied by a noise level coefficient (see below) based on the aircraft's noise classification; acoustic groups are defined in the 26th February 2009 decree amending the modified 24th January 1956 decree which draws up conditions of calculation and payment of landing and lighting fees levied on airfields opened to public air traffic.

ORLY et CHARLES DE GAULE		
Acoustic group	Day and evening (06h00 - 22h00)	Night (22h00 - 06h00)
GA TNSA 1	1,300	1,950
GA TNSA 2	1,200	1,800
GA TNSA 3	1,150	1,725
GA TNSA 4	1,000	1,500
GA TNSA 5a	0,850	1,275
GA TNSA 5b	0,700	1,050

- Aircraft landing fees for the Paris-Le Bourget airport:

Aircraft category (MTOW in tons)	Price per landing (€ excluding VAT)
MTOW of under 6 tons	139.08
MTOW of between 6 and 50 tons	139.08 + 2.74 (t-6) where t equals MTOW in tons
MTOW of 51 tons or more	259.64 + 13.13(t-50) where t equals MTOW in tons

Special measures:

- A 50% discount is applied to helicopters.
- A 50% discount is applied to positioning flights between an Aéroports de Paris airport and the Paris-Le Bourget airport.
- A 75% discount is applied to training flights authorised by the French civil aviation authority (DGAC).
- No fees are levied on test flights or emergency landings.
- Landing fees are multiplied by a noise level coefficient based on the aircraft's noise classification as defined in 29th December 1995 decree (taking the place of the 28th December 1983 decree related to aircraft's noise classification into five acoustic groups and defining noise level coefficient multiplying landing fees).

- Aircraft landing fees for the general aviation airfields:

▪ Semi-annual subscriptions

Aircraft operators may pay a half-yearly flat fee per aircraft based on the airport at which the aircraft is based. The flat fee authorises the operator to make an unlimited number of landings during the half-year period at the ten general aviation airfields operated by Aéroports de Paris (Chavenay, Chelles, Coulommiers, Etampes, Lognes, Meaux, Persan-Beaumont, Pontoise, Toussus-le-Noble and St-Cyr-l'Ecole).

		MTOW in tons	
		0 < MTOW <= 2 tons	2 < MTOW <= 4 tons

Special measures:

- A 50 minutes exemption is applied to the supplemental charge for aircraft using remote stands on arrival during working hours (between 7 am and 11 pm, local time).
- The supplemental charge on remote stands is reclassified at night (between 11pm and 7 am, local time) as garage parking.
- The supplemental charge is due per time slot or part thereof (10 minute intervals for pier-side stands, 1 hour intervals for other parking stands).

- Paris - Le Bourget airport

	Remote parking areas
Supplemental charge (€ excluding VAT)	0.20 per MTOW ton per hour

- General aviation airfields

	Hourly fee (€ excluding tax)	Hourly fee per ton (€ excluding tax)
Issy-les-Moulineaux	2.03	1.01

Fees are payable per hour or part thereof after the first hour, which is exempt from parking fees.

On request, helicopters based at the Paris-Issy-les-Moulineaux heliport can benefit from a fixed monthly fee of €147.49 excluding VAT per MTOW ton.

- The **passenger fee** for the Paris-Charles de Gaulle and Paris-Orly airports covers the use of passenger handling facilities and public spaces. This fee is based on the number of departing passengers.

Fee per departing passenger (excluding connecting passengers)

Passenger destination	Passenger fee (€ excluding VAT)
France (excluding overseas territories)	7.88
Schengen area	7.88
EU (excluding Schengen), French overseas territories, European Economic Area (excluding Schengen area)	8.67
International airports (excluding EU, European Economic Area and Switzerland)	19.20

- **Lighting fee at the Paris-Le Bourget airport**
 - The lighting fee is removed.
- **Lighting fee at the general aviation airfields**
 - The lighting fee is removed at Toussus-le-Noble and Pontoise-Cormeilles airfields
 - At Paris-Issy-les-Moulineaux heliport the lighting fee is fixed at €9.30 excluding VAT for each aircraft movement at night or when poor visibility requires the use of lights.
- **Fees for check-in counters and boarding gates at the Paris-Charles de Gaulle and Paris-Orly airports**

User fees for check-in counters and boarding gates are comprised of a flat rate based on the number of check-in counters and self-service kiosks used and a supplemental charge based on the number of departing passengers excluding connecting passengers. The same definition of a connecting passenger is used as for passenger fees as specified in the amended bylaw of 26 February 1981.

The flat fee is payable by the airline or ground handling assistance provider that uses the check-in counters. The annual base rate is a flat fee for each check-in counter leased for the year. In case of leasing for a whole aeronautical season, a *prorata temporis* flat fee is applied. The hourly rate applies to the temporary use of a check-in counter outside of the leased period.

Base rate	User fee (€ excluding VAT)
<u>Check-in counters</u>	
- Annual base rate	12,075.00
- Hourly rate (per hour that a check-in counter is used)	4.37

<u>Self-service check-in counters at the Paris-Charles de Gaulle and Paris-Orly airports:</u>	
- Annual rate	2,969.23
- Quarterly rate	742.31

The supplemental rate is payable by the airline. The supplemental fee differs by passenger destination, which is divided into two categories:

- National traffic, European Union, European Economic Area, Switzerland, French overseas departments and territories
- International traffic to other destinations

Supplemental rate	Supplemental fee per passenger (excluding connecting passengers) (€ excluding VAT)
- National traffic, European Union, EEE, Switzerland and French overseas territories	0.455
- Other international traffic	1.369

- **User fee for baggage sorting facilities at Paris-Charles de Gaulle Terminal 1 (CDG1)**

The fee covers the use of baggage sorting facilities and is based on the number of bags.

Departing baggage at CDG1, connecting and not connecting flights:

- €2.50 excluding VAT per departing registered bag

This fee takes into account the elimination of the baggage handling service between the baggage sorting system and parking stands, which should take effect on 1st November 2009. Prior to this elimination, the applicable rates are €7.02 excluding VAT per departing bag within CDG1 and €1.98 excluding VAT per connecting bag within CDG1.

- **User fee for baggage sorting facilities for connecting flights at Paris-Charles de Gaulle Terminal 2 (CDG2): €7.97 excluding VAT per connecting bag within CDG2.**
- **User fee for fixed power supply facilities at the Paris-Charles de Gaulle and Paris-Orly airports.**

The fee covers the use of fixed power supply facilities for the terminals. The fee is based on touchdown and takeoff. Rates are based on MTOW, the location of the origination or destination airport and the type of parking.

	Pier-side stands		Remote parking stands	
	Per touchdown or takeoff for flights whose origination or destination airport is:		Per touchdown or takeoff for flights whose origination or destination airport is:	
	EU, EEE or Switzerland	Outside of the EU, EEE or Switzerland	EU, EEE or Switzerland	Outside of the EU, EEE or Switzerland
Maximum Takeoff Weight (MTOW) less than or equal to 140 tons	€12.79 excluding VAT	€19.18 excluding VAT	€6.31 excluding VAT	€9.44 excluding VAT
MTOW of over 140 tons	€25.59 excluding VAT	€38.39 excluding VAT	€12.60 excluding VAT	€18.90 excluding VAT

- **User fee for aircraft de-icing facilities at the Paris-Charles de Gaulle airport**

A new class 5 of de-icing is implemented for aircraft type detailed in the aircraft reference table below.

The fees below are applicable as of 1 October 2009 for the supplemental fee and 15 October 2009 for the base fee. Prior to these dates, the previous base and supplemental fees are still applicable.

	Base fee (€ excluding VAT)	Supplemental fee (€ excluding VAT)
Class 1 aircraft	30.66	1,001.55
Class 2 aircraft	61.33	2,003.11
Class 3 aircraft	91.98	3,004.66
Class 4 aircraft	122.65	4,006.22
Class 5 aircraft	153.31	5,007.78

The amount of the base fee is payable for each landing between 15 October 2009 and 15 May 2010.

The supplemental fee is payable for each de-icing operation carried out between 1 October 2009 and 31 May 2010.

There are two billing periods for supplemental fees during the winter season, the first corresponding to all services provided between 1 October and 31 December and the second for services provided between 1 January and 31 May.

- **Passenger assistance fee for passengers with disabilities or reduced mobility.**

The fee is based on the total number of departing passengers at the Paris-Charles de Gaulle and Paris-Orly airports, with the sole exceptions mentioned in Article 6 of the bylaw of 26 February 1981 governing the conditions for establishing and collecting user fees on facilities for handling passengers and merchandise at the airports in France and the French overseas territories.

- **Paris-Charles de Gaulle airport** : €0.90 excluding VAT per departing passenger
- **Paris-Orly airport** : €0.54 excluding VAT per departing passenger
-

- **Badge application fee for accessing restricted areas at Paris – Charles de Gaulle, Paris – Orly and Paris – Le Bourget airports:** €51.50 excluding VAT.

The fee is due by the companies and organisations described in paragraph I.2 of Article R.213-4 of the French civil aviation code. It is paid for each badge application filed with the Aéroports de Paris badge service requesting access to restricted areas. If the government refuses to grant authorisation for the applicant as outlined in I of Article 213-4 of the French civil aviation code, the fee is reimbursed or credited.

- **The user fee for aircraft water and sewage management services** is payable by the airline or in certain cases by the ground handling service provider.

- Paris - Charles de Gaulle airport

- Water services (supply stations): €4.63 excluding VAT per cubic meter of water provided
- Waste water services (dilaceration stations): €0.0236 excluding VAT per ton of landing weight (MTOW)

- Paris - Orly airport

- Drinking water services (drinking water supply stations): €6.56 excluding VAT per cubic meter of water provided
- Non-drinking water service (non-drinking water stations): €60.75 excluding VAT per cubic meter of water provided
- Waste water services (dilaceration stations): €0.0278 excluding VAT per ton of landing weight (MTOW)
